PERFORMANCE CERTIFICATE

TO WHOM SO EVER IT MAY CONCERN

We here by certify that we are using Bajaj Fiber Guard Fibrillated Polypropylene Fibers for our ongoing Maha Metro Project for city of Nagpur awarded by Maha Metro Rail Corporations Ltd., Nagpur, Up to 31st March'2018, approximately 29.32 MT, 2000 No. of Segments (viaduct) for the reach-03 has been casted for Maha Metro, Nagpur wherein Bajaj Fiber Guard Fibrillated Polypropylene Fibers are being used.

We found Bajaj Fiber Guard Fibrillated Polypropylene Fibers are suitable for arresting the Plastic Shrinkage Cracks and increases the cohesiveness of concrete. Mixing of fibers in concrete is uniform and no balling is observed.

The overall performance of Bajaj Fiber Guard Fibrillated Polypropylene Fibers is satisfactory.
